

## HWE Young Adult Opportunities

### College Scholarships

Hancock-Wood is here to help support your educational ambitions through scholarships to the University of Findlay and Owens Community College. To be eligible for the Hancock-Wood scholarship, applicants must meet specific requirements. The child or legal ward of an HWE member or the child/ward of a person living on Hancock-Wood's lines can apply. Additionally, children of Hancock-Wood members in their name, regardless of residency, are also eligible to apply. However, children of renters are only eligible if their parents receive electricity in their name, and employees of businesses on Hancock-Wood's lines and their children are not considered

Hancock-Wood members.

The University of Findlay offers a scholarship exclusively to current students, excluding incoming freshmen. For more information on this opportunity, please contact the University of Findlay's financial aid office at 419-434-6923. If you are interested in the Owens Community College scholarship, please reach out to Owens Community College's financial aid office at 567-429-3540 to learn more.

### Cooperative Youth Day

Hancock-Wood Electric is excited to announce that we are seeking high school sophomores and juniors to participate in this year's Cooperative Youth Day in Columbus, Ohio. The event, which will take place on Tuesday, October 22, 2024, offers a unique opportunity for students to explore the world of history, government, and politics. By attending this event, students will have the chance to tour the Ohio Statehouse, visit with state legislators, and visit the Ohio Statehouse Museum and the Ohio History Center. The day's events also include breakfast and lunch for all participants. In addition to these exciting

activities, attendees will also receive information about the Youth Tour to Washington, D.C., a once-in-a-lifetime opportunity for students to explore the nation's capital. To apply for Cooperative Youth Day, students can download a fillable PDF from Hancock-Wood Electric's website and submit it to marcy@hwe.coop by September 20, 2024. For more information or questions about the event, students can contact Hancock-Wood Electric's office at 800-445-4840 or email marcy@hwe.coop. Don't miss out on this fantastic opportunity!
