

Hancock-Wood Electric Cooperative

Communications Summer Intern-Paid

Hancock-Wood Electric Cooperative seeks a summer, part-time Communications Intern. Preference will be given to students who will be sophomores, juniors or seniors in the Fall Semester 2025.

The Communications Intern must have an interest in performing a variety of communications functions, including:

- Writing and or copy-editing stories for monthly magazine, bill inserts and more
- Internal communications
- Social and digital media
- Media relations
- Event planning/organizing

Superior writing and editing skills and familiarity with the Adobe Creative cloud programs are required. Candidates should submit work samples with their application.

The communications department at Hancock-Wood provides communication and marketing support for the organization and its 13,000 members in 10 counties.

Applications are due by April 11, 2025.
