**BUDGET
BILLING****

Budget billing allows you to pay a predictable amount for electricity each month. Couple this with automatic bill payment for the easiest, most convenient method possible. This billing system makes it possible for you to sign up for budget billing any time of the year. If you choose budget billing, our goal is to bill you a consistent averaged amount for 11 months (about midway through the budget period, we review your account and make adjustments accordingly). Then, the 12th month is settle-up month: if you use more electricity than predicted, your bill will be increased by the appropriate amount; if you use less power than estimated, you will receive a refund check.

Yes, I would like to sign up for budget billing.
